ICSD's World Deaf Futsal Rankings

Overview:

International Governing Body of Deaf Futsal:

The governing body of international deaf futsal is the International Committee of Sports for the Deaf (ICSD) who is responsible for the World Deaf Futsal Championships.

<http://www.deaflympics.com>

Regional Confederations:

There are four (4) regional confederations under ICSD. They are:

- Asia Pacific Deaf Sports Confederation: <http://www.apdeafsports.org>
- Confederation of African Deaf Sports: (no website available)
- European Deaf Sports Organisation: <http://www.edso.eu>
- Pan American Deaf Sports Organisation: <http://www.panamdes.com>

International Governing Body of Futsal:

Fédération International de Football Association (FIFA) is responsible for the organisation and governance of football's major international tournaments, most notably the FIFA Futsal World Cup, held since 1989.

Introduction:

In order to move forward with the emergence of new international deaf football competitions, the ICSD decided to introduce a new World Deaf Futsal Rankings (WDFR) for Deaf International Futsal.

The WDFR's main objective is to create a clear picture of where each respective deaf international futsal team stand in the international deaf futsal's pecking order and monitor their progression.

The purpose of WDFR is to:

- Provide a valid method to compare deaf futsal from different confederations on a common scale
- Aid seeding and selection at the World Championships futsal competitions
- Act as motivation for all countries and deaf footballers
- Operate as an incentive for confederations to put on high quality elite events
- Present as a means of wider promotion for elite deaf futsal
- Meet the expectations of the world deaf futsal community

The WDFR system is exclusively on the basis of results in major competitions because it is the fairest and easiest system for a minority group such as international deaf futsal. Transparency and simplicity are the key principles in the creation of the innovative WDFR system.

Inevitably, it would mean that smaller countries/associations would not even make it into the ranking system as they rarely qualify for the top events. However, this would act as an incentive for further assistance from FIFA and ICSD towards the smaller associations.
